Transportation

When buses are cancelled **SCDSB schools will remain open for student learning**, as in previous years. It is always a family decision whether or not it is safe for your child(ren) to leave for school under severe weather conditions.

This year, please note that students who are unable to attend school due to bus cancellations will be able to access learning materials on the digital learning platform assigned by their teacher, either Desire2Learn (D2L) or Google Classroom. Students in the Learn@Home program will continue with regular programming as scheduled.

Simcoe County Student Transportation Consortium

The [Simcoe County Student Transportation Consortium \(SCSTC\)](#) provides transportation for approximately 35,000 out of a total of over 77,000 students enrolled in local school boards. To contact the SCSTC please call 705-733-8965.

For information on walk and bus zones, special needs, out of area transportation and bus stops, visit the [SCSTC's website](#).

Staff Professional Development (PD) & Training Cancellations on Bus Cancellation Days

If professional development (PD) is scheduled for in-person attendance and is in an impacted weather zone(s), it will be cancelled for that/those zone(s) only. Staff from those affected areas will need to determine whether it is safe to drive to the PD site. All virtual learning sessions will occur regardless of inclement weather status.

Bus Cancellation Decision Process

The Simcoe County Student Transportation Consortium in conjunction with the bus operators will make the decision to cancel school buses before the start of the school day, usually before 6 a.m. The SCSTC will make every effort to post announcements between 6 and 7 a.m. with the local radio stations, on the [SCSTC website](#) and on [SCSTC's Twitter](#). Parents should also note that inclement weather cancellations are effective for the whole day and buses cancelled in the morning will not run at the end of the day.
